September 2005 – May 2007

Lahore University of Management Sciences

Teaching Assistant, Department of Economics

Responsibilities included delivering tutorials, making and grading assignments/quizzes/exams and supervising student projects.

Published Research Projects:

- Paper titled "Inter-District Inequalities in Social Service Delivery: A Rationalized Approach Towards Funds Disbursement" was co-authored with Muhammad Usman Sikander and accepted by the Pakistan Development Review (Winter 2010, Volume 49),
- Paper titled "Investigating the Proposed Changes to Pakistan's Corporate Bankruptcy Code" was co-authored with Syed Ali Hasanain and accepted as a CREB Working paper in 2012.
- Paper titled "Determinants of School Choice: Evidence from rural Punjab" was co-authored with Hamna Ahmad, Sahar Amjad and Masooma Habib and accepted as a CREB Working Paper in 2013.

Other Projects:

- **The political economy of public good provision: Why don't all democracies lead to pro-poor outcomes?** This MSc thesis scrutinized the conditions under which democracies may fail to alleviate poverty. Political market imperfections such as lack of voter information, social fragmentation and non-credible promises by political agents were discussed in detail.
- **Research Assistant to Dr. Akmal Hussain** (Managing Director Sayyed Engineers Limited). Contributed towards his Drivers Of Change Study 2007-08, "Power Dynamics, Institutional Instability And Economic Growth: The Case of Pakistan".
- **Organized and conducted a Survey for the Stellar School System** and based on the results, estimated the demand for high quality education at the company's desired price. This survey was the starting point of the entire project and the Stellar School System was launched after this survey.
