MASTERING EMOTIONS BY
LAHORE SCHOOL CORPORATE
SOCIAL RESPONSIBILITY

The session titled “Strong Minds, Cool Heads – Mastering Emotions Like a Boss” was designed to help teenage boys build a better understanding of their emotions and learn how to deal with them in a healthy way. A major part of the discussion centred around anger—where it comes from, what sets it off, and how to handle it without hurting yourself or others. One by one, the boys opened up about what provokes them—things like being unfairly blamed, not being heard, or feeling disrespected. The facilitator created a safe space for the boys to talk and guided them through strategies that can help in difficult moments:

- *Taking a step back before reacting
- *Breathing techniques to calm down
- *Finding better ways to express how they feel—through words, movement, or even writing or drawing r staying quiet shows more strength than shouting ever could."
